Contact: Linda Harris (Mother)

Situation: Linda called to order De-Bug for her family. I asked her "how did you hear about us?" Answer: My ex-husbands girlfriends baby sitter used it and said "This stuff is really great".

Date: Aug., 2003 Subject: **Chronic case**

Contact: Putnam County, OH - Nurse Supervisor

Situation: Mother had been fighting head lice for a year. After using De-Bug, she called the health nurse & said: De-Bug is great!
Nothing compares with De Bug for getting rid of head lice. □

Date: Aug. 2003 Subject: **Allergies**

Contact: Melissa, Clark County, Springfield, OH

Situation: Melissa called us to tell us that her 4 year old daughter was allergic to every lice treatment except De-Bug©. And, this stuff really works.

She said the school recommended Rid. I kept using it until they told me to stop. De-Bug© doesn't have any pesticides in it. I like that.

Date: Jan. 2004 Subject: **We like De-Bug© quotation.**

Contact: Washington Co. Indiana - Health Dept.

Situation: "We like De-Bug© because we can use it as often as we like, and it always gets rid of the problem".

Date: Jan. 2004 Subject: **County clean-up**

Contact: Clark County Combine Health Dept. - OH

Situation: De-Bug© has really cleaned up our problem. Only a limited number of people come in any more. You might say De-Bug© works too well.

Date: Dec. 2003 Subject: **Hair damage**

Contact: Heather, Cincinnati, OH

Situation: What amazed Heather (and her hairdresser) was that her daughters hair looked better after using De-Bug© than before. And, it took care of the lice problem quickly.

The pesticides destroyed her hair, and didn't get rid of the lice.
