

Date: 2001-02-03 Subject: **107 days of school missed**

Contact: Scioto County, OH

Situation: An 8 year old girl had head lice for 3 years. She missed 107 days of school in one year, alone. She was shampooed with De-Bug© Lice Shampoo 3 days in a row, just for insurance, and she was lice free.

Then she was shampooed twice a week for 2 weeks to eliminate any new lice that might hatched from nits that were missed in combing. Her problem was completely solved with just (1) 16 oz. bottle of De-Bug..

Date: Oct. 2003 Subject : **County re-sells De-Bug©**

Contact: Marion County, Ohio, Health Dept.

Situation: Marion Co. buys De-Bug© at Gov't discount prices, and sells it to everyone in the county at slightly above cost. It solves a lot of problems.

□ (i.e. \$10.50)

Date: Aug. 2003 Subject : **We saw the proof**

Contact: Decker Family Development Center, Barberton, OH

Situation: "We know De-Bug© Works ! We saw the bodies !"

Date: June 2003 Subject: **De-Bug© complaints.**

Contact: Pike County, OH

Situation: Quotation: "We have had fewer complaints with De-Bug© than with any lice treatment we have ever had." Pike County Health Dept. purchased 450 cases of De-Bug©.

Date: 2003 Subject: **Grand parents solve a problem.**

Situation: Two granddaughters visit their grandparents every two weeks in Spooner, Wisconsin. They always show up with head lice.

The kids now go directly into the garage where they are shampooed with De-Bug© Lice Shampoo, and change their clothes. They go home lice free. Then they repeat the process 2 weeks later.

Date: 2003 Subject: **Chronic cases**

Contact: Washington-Morgan Community Action Program

Situation: One girl had a bad home situation with many people coming and going, keeping her infested with head lice. We couldn't believe it when she came back to school without lice.

We like De-Bug. We save it for our chronic cases.
